### PROJECTS

#### Melodify : Interactive Music and Movie Explorer

<https://melodify-com.netlify.app>

Technologies Used: HTML, CSS, JavaScript.

- Developed a web application for organizing and exploring music and movies. Focused on creating a seamless user interface and improving content discoverability.
- Music Section:** Enabled category-based song selection (e.g., actor/actress, music director, lyricist, playback singer).
- Movie Section:** Provided language-based filtering with subcategories like actor/actress, director, and recent releases.

#### Personal Portfolio Website

<https://portfolio-hariprasath.netlify.app>

Technologies Used: HTML, CSS, JavaScript.

- Designed and developed a personal portfolio website to showcase technical skills and projects, including **Melodify**. Prioritized intuitive navigation and an engaging presentation to deliver a seamless user experience.
- Implemented responsive design using **CSS media queries** for optimal viewing across different devices.
- Showcased programming expertise and achievements with a clean, modern interface built with HTML and JavaScript.

### CERTIFICATIONS AND TRAINING

- Completed the **Employability Skills Development Training Programme** by *Naan Mudhalvan*, focusing on communication, teamwork, and problem-solving skills. Gained practical insights to enhance workplace readiness and employability.
- Completed **Typewriting (English)** Junior and Senior courses from the Tamil Nadu government, achieving First Class in both, showcasing proficiency and speed in typing.
